GREAT THROG PAYS TRIBUTE TO ALEX. M'KENZIE, PIONEER BUILDER OF CITY AND TERRITORY

More Than Two Thousand People Pass Silently Before Body as it Lay in State

MANY FROM OUT OF CITY

Public Funeral Is Held in State Capitol Building Here Sunday Afternoon

Pioneers of North Dakota and sons and daughters of sturdy men who braved the hardships of a new country with Alexander McKenzie gathered in great numbers Sunday afternoon to pay respect to his memory. Utmost solemnity marked the funeral rites for a man who began life as an adventurous youth in the great west and rose to leadership in politics and business. The large house of representatives chamber in the state capitol was filled with people. Many citizens of Bismarck joined in the tribute, mindful of the great influence of Alexander McKenzie in the removal of the territorial capital to Bismarck, his faith in his community and his efforts to spread the fame of the great plains state over the entire country.

The body of Mr. McKenzie, who died in St. Paul Thursday, arrived in Bismarck at 11:30 o'clock Sunday morning. Accompanying it were his daughters, Mrs. Ann McDonald of Quebec and Mrs. C. B. Foster of Montreal, and Mrs. Foster, Col. C. B. Little and Capt. L. M. Baker, old-time friends, came from St. Paul on the funeral train.

As the train rolled into the station here a large crowd gathered. Escorted by uniformed men of Company A, National Guard, the funeral cortege passed slowly from the station to the state capitol. Flags on buildings were at half-mast as the cortege passed through the streets. Incoming trains and automobiles brought great numbers of people in from western North Dakota and some from other parts of the state to the city.

Long Line Passes
As the body lay in a massive walnut coffin before the rotunda of the house of representatives a silent line of men, women and children passed to view the face of the deceased. Four uniformed men stood as guards at the coffin while others scattered about the house chamber directed the lines of people with a wave of the hand. It was estimated that fully 2,000 people passed by the coffin during the period and there were more than 1,000 people crowded into the house chamber and gallery during the service. The funeral probably was the largest public funeral tribute ever paid in the state.

Beside the glass-covered casket passed with bare heads many whose gray hair and bronzed faces testified to their right to be called pioneers of the state. Here and there was a wizened face of one wearing shabby clothes, there perhaps to repay by silent prayer an act of generosity in time of adversity. Others, younger, passed who perhaps only were curious to gaze upon the face of one of whom they heard their fathers and mothers speak with awe. Former political associates and political foes alike were there. Great bands of beautiful floral offerings surrounded the casket, many of them from friends outside the state, some little bouquets from a poor person who knew the breadth of Mr. McKenzie's great heart.

Wisehaup to Begin Talks Here Tonight

Better Business Week Opens Under Auspices of Town Criers Club

Howard J. Wisehaup, "the Billy Sunday of business," delivers his first message in Better Business Week tonight at 8 o'clock at the Bismarck theatre. Mr. Wisehaup comes to Bismarck under the auspices of the town criers club, as a messenger of better business methods with practical examples of what has been accomplished in other cities.

He will give a lecture each night this week at the Bismarck theatre. Monday night—"The Human Element in Business." Tuesday night—"Personality; How to Develop It." Wednesday night—"Characterology; Types of People." Thursday night—"Mental Analyses; The Mental Law of Sale." Friday night—"The New Salesmanship."

Mr. Wisehaup has been most successful in his work and the quality of his lectures which are practical and inspirational, is voiced by the hundreds of thousands of people who have heard him during the past two years. He will discuss community sales, cooperation in business, how to increase personal efficiency and interest certain types of people in business.

The largest gold nugget ever found weighed 227 ounces, and was sold for \$32,500.

BONUS CLAIMS SALE IS MADE BY OFFICIALS

Members of Industrial Commission Sign Agreement For Disposition

TO WORK OUT DETAILS

Plan Proposes Purchase of \$6,500,000 of Bonus Certificates at 82

Sale of all soldiers bonus certificates of the state was virtually completed today when all members of the industrial commission had signed the agreement with Twin City financial houses which proposed to purchase them. Only the signature of Adjutant-General Fraser, who was out of the city, was needed to complete the deal, it was said. General Fraser is expected here today to work out details of the agreement, which he had approved on the floor of the American Legion convention. With General Fraser's approval only that of the bond attorneys will be necessary to insure completion.

Under the contract the financial houses would purchase all soldiers' bonus certificates offered, estimated at several million dollars and payment would be made as quickly as the machinery of organization could be set up.

A representative of the financial houses—the Minnesota Loan and Trust company, the Northland Securities company and Lane, Piper and Jeffrey, Inc.—is in Bismarck to complete arrangements. An attorney General Johnson went over with him the legal phases of the contract. Governor Nestos, it was said, signed it in Minot Saturday night.

Legion Named Committee
Maj. J. M. Hanley, chairman of the special committee named by the American Legion convention at Devils Lake, said that committee members approved the proposition, which had been approved in general at the convention. Other members of the special committee were C. McDonald, Valley City; Rheinhart Kamplin, Bismarck and Adjutant-General Fraser. The proposition is not compulsory.

Discount Fixed
The certificates would be purchased at 18 percent discount. This basis, according to Major Hanley, is a fair basis with interest at 6 percent for three years deducted, it being estimated that the average time remaining on the certificates would be three years from this summer. There are probably 22,000 claims yet to be paid, 6,500 having been paid out of the soldiers bonus tax of the state. Payment by the tax probably would be completed in six years.

The agreement provides: The financial houses agree to purchase all soldiers' certificates of \$5,000,000 worth to the amount of \$6,500,000 which is estimated to be approximately the amount of such certificates now outstanding or hereafter to be issued. A cash price of 82 percent of face value of each certificate will be paid, "the money to be paid therefor to be received from the parties of the third part" (the financial houses) in exchange for the notes of the party of the first part.

How Paid
A cash price of 82 percent of face value of each certificate will be paid. The money would be paid first by the financial houses to the industrial commission for notes issued by the commission in exchange for the payment, and the Adjutant-General shall furnish, and also the state treasurer, a certified statement of these certificates.

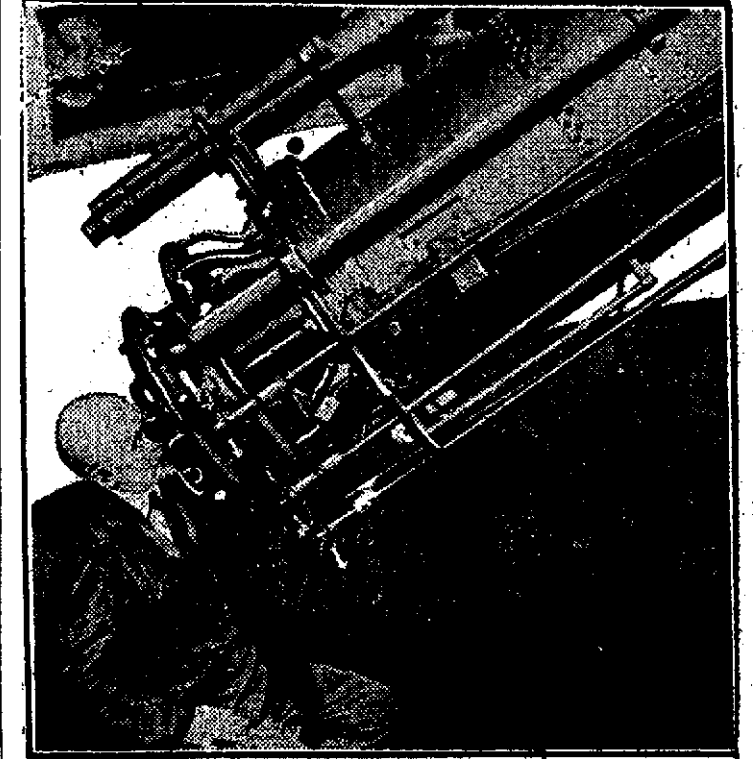

The Adjutant-General must certify list and description of all of the legally issued and outstanding soldier certificates issued from time to time which certified statement shall show that such certificates are valid obligations of the state and that no defense exists or will be interposed to the payment of the certificates.

The industrial commission agrees upon purchase of the certificates from time to time, and upon the deposit thereof, to issue and deliver to the financial houses its negotiable coupon notes in payment to the commission of the purchase price of the notes, which it agreed shall be 97 percent of the aggregate principal sum of the notes, plus accrued interest from date of delivery. The notes must all be tendered before November 15, 1922, and the transaction must be approved by a bond attorney satisfactory to the financial houses.

Dated July 1
Each of the notes shall be dated July 1, 1922, shall be in the principal sum of \$1,000 or a multiple of that amount, shall bear interest at the rate of 6 percent per annum, payable semi-annually, and shall be payable at the office of the Empire Trust Company in New York City, and shall mature in the order issued as follows:

First \$400,000 in principal amount the first day of January, 1923, and \$250,000 in principal amount the first day of each April, May, December and January thereafter. All certificates which shall be so purchased shall be deposited with the treasurer of North Dakota who will be so deposited.

LLOYD GEORGE FOR GERMANY IN LEAGUE

Replying to Question in House of Commons Premier Says He'd Approve It

DISCUSS IRISH PROBLEM

Winston Churchill Declares Factions of Republican Army Cause Horrors

(By the Associated Press) London, June 26.—Asked by Lord Robert Cecil in the house of commons this afternoon whether he could state the government's attitude toward the admission of Germany to membership in the League of Nations, Prime Minister Lloyd George replied that Great Britain would be willing to support a proposal for Germany's admission.

In answer to Lord Robert's question, the prime minister said: "This is not a question which concerns Great Britain alone; it primarily concerns Germany herself. So far as His Majesty's government is concerned we would support a proposal to admit Germany to the league."

DISCUSS IRELAND

London, June 26.—Winston Churchill, secretary for the colonies, rising to make his promised statement on Irish affairs in the house of commons this afternoon, said the government desired the freest and fullest debate and one that could be terminated by a division.

Mr. Churchill declared he did not hesitate to say that all the horrors that had occurred in Belfast were due to the organization in that territory of two divisions of the Irish Republican army and the continuous efforts of partisans of the South to break down the Ulster government and force Ulster against her will to come under the rule of Dublin.

"The Imperial Government," said Mr. Churchill, "is that after the election, which clearly showed what were the wishes of the Irish people, we cannot continue to tolerate the grave lapses of the spirit of the treaty and the improprieties and irregularities in its execution, in which we have put up with or acquiesced in during the last six months."

MAY BRING RESIGNATION

Several of the London evening papers, before the opening of today's Irish debate in the house of commons expressed the view that the resignation of Home Secretary Short might be the sequel to the debate, in which answers to four searching questions were to be demanded. The Evening News asserts that the crisis confronting the government is one of the most serious of its career.

GIVE 50,000 TROOPS

The colonial secretary said the imperial government had supplied the Northern Irish government with 50,000 troops for its defense. He added that the Northern government would be supported effectively and

KASIMIR SCHNEIDER ARRESTED AFTER CHEMISTS FIND POISON IN STOMACH OF BODY OF LATE WIFE

Woman Died Two Weeks Ago Here and Coroner Ordered Stomach Sent to State Laboratory for Examination—Wife Carried \$2,000 Life Insurance Payable to Husband, Authorities Say—Schneider in Jail Denies Charge

Kasimir Schneider, 38, laborer, was placed under arrest today by authorities charged with the murder of his wife, Amelia Schneider, who died at their home, 423 Twelfth street South, on June 15.

The arrest was made following the report of chemists of the public health laboratory of the University of North Dakota, Grand Forks, that sufficient arsenic was found in the stomach of Mrs. Schneider to cause death.

The first degree murder charge was preferred by Coroner H. J. Strokle and States Attorney F. E. McCurdy, jointly. Schneider was arrested and is held in jail without bail. He stoutly maintains his innocence.

Mrs. Amelia Schneider was the second wife of Kasimir Schneider, and they had been married but about six months. His first wife died in a hospital here when her baby was born about July 15, a year ago.

U.S. EFFORTS TO END COAL STRIKE GO ON

John L. Lewis, President of Mine Workers, Calls on Sec. Davis

To GO TO HARDING

Issues Will Be Put Clearly Before President in Effort To End Strike

(By the Associated Press) Washington, June 26.—Government attempts to induce the bituminous coal strikers to return to work today when Secretary of Labor Davis called John L. Lewis, president of the United States Mine Workers to Washington for a series of conference, preliminary to taking the issues directly before President Harding.

An impression was created in advance of the meeting between the president and Mr. Lewis that the government might call a national conference of operators and union leaders in the industry to consider a settlement.

MINERS MARCH HALTED

Fairmont, W. Va., June 26.—A march of striking miners and their sympathizers from Monaca, a mining village near here to Fairmont was prevented today by C. Frank Keeney, district president of the United Mine Workers of America, according to reports to authorities.

Early in the day reports spread that the miners and their supporters were gathering at Monaca with the announced purpose of marching to Fairmont and releasing from the county jail 91 men who were arrested last Friday in connection with a demonstration by strikers. All city police and county deputy sheriffs were summoned to duty to prevent any untoward incident should the marchers come in.

Mr. Keeney was advised of the reported march and he left immediately from Monaca where he persuaded the men to go home.

WOMAN HELD AFTER PARTY

Mrs. Hirsch Charged With Shooting Husband

(By the Associated Press) Freeport, N. Y., June 26.—Mrs. Oscar A. Hirsch, charged with shooting her husband after a party at the home of Mrs. Davies, motion picture actress, was today held for a further examination when she was arraigned before Police Judge Johnson. Bail of \$25,000 was continued.

George M. Levy, her counsel, moved to dismiss the charge of the murder on insufficient evidence, but the motion was denied.

During the hearing Mrs. Hirsch held a handkerchief over her right eye which was cut.

Magistrate Bernard J. Douras, father of Reine and Marion Davies in worn statement said that Hirsch exclaimed: "I'm shot. She did it. I'm bleeding to death."

Magistrate Douras further stated that Mrs. Hirsch threw herself on the ground and cried: "Oh, isn't this awful. I didn't do it. He forced me to do it."

NATIONAL DAIRY SHOW WANT N. D. FARMERS THERE

(By the Associated Press) Fargo, N. D., June 26.—Initial plans for taking 5,000 North Dakota farmers to the national dairy show at St. Paul October 7-14, were announced today. County committees will have the aid of a central committee in arranging for transportation and housing of the delegates at St. Paul. A booster and publicity campaign will begin at once, according to plans which were formulated by the North Dakota Dairy Development Association.

Announcement of the plans follows two large and enthusiastic dairy meetings in the state during the last week.

FORDNEY NOT UP FOR REELECTION

(By the Associated Press) Saginaw, Mich., June 26.—Congressman W. Fordney, chairman of the house way and means committee and author of the Fordney tariff bill, announced today in a telegram to the Saginaw News Courier that he will not be a candidate for re-election. He plans to retire at the end of the present term after 24 years of continuous service in congress.

INITIATION OF 50 PLANNED BY K. C. TOMORROW

The local Knights of Columbus, Council No. 1604, will hold their annual initiation on Sunday next at which time a class of 50 candidates will be directed through the mystic channels into knight-hood. The ceremonies will begin by attending high mass at 9 a. m., and the candidates and members will meet at the K. of C. hall at St. Mary's school at 8:45 and march to the church in a body. The first degree will be exemplified at 11 o'clock. The second and third degrees will follow promptly at 2 o'clock p. m. The banquet tendered the class will be given at the Grand Pacific hotel and all candidates and members will assemble promptly at 8 o'clock. A splendid program has been arranged by the committee and will consist of musical selections by quartets, soloists, and an orchestra while some eminent speakers will also appear.

A dance and entertainment will be given this evening at the K. C. hall for visiting candidates, members, and their friends, for which no charge will be made. Light refreshments will be served throughout the evening. A good time is assured and all members and candidates are urged to attend. The orchestra will crash into its opening number at 9 p. m.

BELIEVES OIL IS IN NO. DAK.

"It has been known for years that there is oil and gas in North Dakota," said Dr. T. H. P. Duncan, oil man of Texas, who has been investigating the North Dakota possibilities. "Early government surveys and lignite geologists have recommended several places where oil could accumulate, but it is only in the last year or two that any real geological oil work has been done. They have found that there are many possible oil pools in the state."

Dr. Duncan, while paying particular attention to the southwest part of the

state, believes that there are few countries in the state which are not underlain with oil and gas, and thinks this is especially true of the lignite fields. Within the last year or two, since possibilities of oil began to be talked so freely in North Dakota, several companies have been organized. Among them are the DeLac Oil Co., five or six around Lemmon, S. D., who also have leases in North Dakota, The New England Oil Co., The Consolidated Oil Co., The Glen Ullin Co., the Dakota Oil Co. of Dr. Duncan and others.

Dr. Duncan declares that oil and gas has been found within 35 miles of Bismarck and that about 50 miles south oil shale is being used to make roads. Dr.

Duncan says that there has been much secret geological work done by the big oil companies in North Dakota, including the Standard Oil, Royal Dutch, the Midwest and Ohio. Favorable reports have been made, he says.

OUR HOLDINGS

We own 12,000 acres of Oil and Gas leases, in Adams county, North Dakota, just northeast of Lemmon, S. D.

Our Derrick is up, our slush pits are dug, our lease is ready for the drilling machinery.

Also we own 40 acres within 1/4 of a mile of the Famous Mitchell well, where Oil and Gas is said to have been found. The well is soon to be completed and a great gusher is expected which will make this 40 acres worth many times our capitalization.

We expect to complete our well on our 12,000 acres within 45 days from the day we spud in. We want to be drilling in two weeks. If we get what we expect we will repay every stock holder a 1000 for one.

WE ARE GOING TO "PUT THE DAKOTAS ON THE OIL MAP."

We must have the help and cooperation of every man and woman in the two states. If you are a land owner it is your duty to do everything in your power to develop the state. It only needs a few dollars from each of you. Dr. T. H. P. Duncan our general manager spent nearly three months going over the structure of the Lemmon Oil Basin and selected our

GOV. SMALL'S
WIFE DIES

Stricken with Apoplexy Dur-
ing Celebration After
Husband's Acquittal

(By the Associated Press)
Kankakee, Ill., June 25.—Mrs. Len
Small, wife of Governor Small of
Illinois, died about 8 o'clock this
morning.

Mrs. Small was stricken with ap-
oplexy Saturday night during the ex-
citement incident to the celebration
of friends and fellow townsman
of the governor as a result of his ac-
quittal that afternoon at Waukegan,
Illinois. With her at the time of her
death was the governor and their
three children, Leslie and Budd Small,
and Mrs. A. E. Ingles, all of Kankakee.

The long trial of nine weeks at
Waukegan, where the governor was
charged with conspiracy to defraud
the state of interest on state funds
during his term as state treasurer
several years ago, has been a heavy
strain both on the governor and his
wife. Mrs. Small, however, had born
up exceedingly well, it had appeared,
until she was stricken and sank into
the governor's arms as the noise of
the celebrators filled the neighbor-
hood about their home.

Physicians who attended Mrs.
Small at the time offered no hope
for her recovery and throughout Sun-
day and last night she lay in a state
of coma as the governor and their
sons and daughter, watched by the
bedside.

Mrs. Small was born December 21,
1861, and had lived virtually her en-
tire life in this country. Her parents
were prominent farmers and she
grew to womanhood amid farming
surroundings as did the governor.

LLOYD GEORGE FOR GER-

at all costs in any attempt that
might be made to coerce it into sub-

He said the situation on the Ul-
ster frontier was easier as a result
of the triple arrangement made be-
tween the British the provisional,
and Northern government, whereby
a neutral zone four miles wide was
to be established in the Pettigos
and Belleek districts.
The Sinn Fein, Mr. Churchill said,
had to realize that that would ne-
ver, with Ulster except by her own
free will and that the more they
kicked the worse it would be for
them. He said the imperial govern-
ment would endeavor to stand be-
tween the antagonists and prevent
the loss of life and the destruction
of property, and by so doing make it

AUTO BANDITS
STEAL \$1,176

Two Officials of Corporation
Held Up in Mill City

(By the Associated Press)
Minneapolis, June 25.—Three au-
to bandits held up two officials of
the Greenen City Corporation on
their way to a bank and robbed them
of \$1,176 at noon today. After the
robbery the bandits fled through the
downtown district.

L. L. Johnson, manager of the
company and Frank A. Westral, of-
fice manager had gone about 200
feet from the plant on the way to the
bank, several blocks away when the
bandit car drove up. One of the
bandits carrying a revolver leaped
from the machine.

Running up to Westral who carried
the receipts wrapped in a newspa-
per, he demanded the package. In-
stead of complying with his demand
the manager started to run.
"Stop or I'll shoot," the bandit or-
dered. Fearing that Westral might
be killed, Johnson called him to
halt. The bandit then snatched the
package and jumped back into the
car which speeded toward the down-
town district.

3 CHILDREN
DIE IN FIRE

Mother and Father Were
Milking The Cows in Barn

(By the Associated Press)
Superior, Wis., June 25.—Three
small children of William Nelson,
Douglas county farmer, located 3
and one-half miles from Poplar,
Wisconsin, were burned to death in
a fire which totally destroyed the
farm home at 7 o'clock this morn-
ing. The bodies of the three, Wal-
ter, 5, Svea 3, and Verna, an in-
fant, were found by searchers
huddled in a clothes closet with
arms entwined.
The mother and father were milking
cattle in the barn located 300
feet from the home and were un-
aware of the fire until notified by
John Lake, a farm neighbor. All at-
tempts to rescue the children were
unavailing, the home being razed in
less than an hour. A small fire in
the kitchen stove is believed to have
started the blaze.

RUSS DELEGATES
ARE AT HAGUE

The Hague, June 25.—The Rus-
sian delegation to the conference on
Russian affairs at The Hague, ar-
rived here this afternoon. The de-
legation, headed by Maxim Litvinoff,
proceeded on the same train to Scheve-
ningen, where its headquarters will
be.
Crowds watched the Russians' movements with great interest.

Dr. T. H. P. Duncan,
"THE OIL MAN FROM TEXAS"

Dr. Duncan is General Manager
for the Dakota Oil Company, of
Bismarck, and Fargo, organized to
develop the Oil and Gas resources
of the Dakotas. This Company is
incorporated under the North Da-
kota Laws and which means, you
have got to "Show Me" and be on
"The Square." Associated with
Dr. Duncan is E. A. King, Capitalist
and successful oil man, O. E. Har-
ris also a capitalist and an experi-
enced oil man. Mr. M. O. Steen of
Bismarck is Secretary and Treas-
urer of the Company.

Dr. Duncan practiced medicine
for nearly twenty years and accum-
ulated considerable property in
Texas; Oil was discovered, some of
his property became very valu-
able. Living in an oil country for
thirty years, he naturally became
interested in the business and gave
up the practice of medicine. Years
of actual experience and hard
knocks, taught him the Oil Busi-
ness. Now he is offering his ex-
perience to the People of the Da-
kotas to "Put The Dakotas On the
Oil Map." We quote the Doctor as
saying:

"If I could make people of the
Dakotas know how much faith,
and how sure I feel, that some of
the largest oil fields in the world,
will be discovered in these States.
I spent nearly three months in
Lemmon, South Dakota. I went
over nearly every acre of the entire
Field known as the Lemmon Oil
Basin, and I selected 12,000 acres
in the North East part of the Basin,
in Adams County, North Dakota,
and I believe our derrick is built
over the top of the "Big Pool." I
have been over many oil fields in
Oklahoma, Louisiana, and Texas
and I believe our 12,000 is the most
likely looking Oil Field I have ever
seen, and I believe we are going to
get a gusher that will turn the
eyes of the World upon the Dako-
tas. We must not fail, you must
not fail us, you people of the Da-
kotas must lead out, and not wait
for your neighbor; you must send
in your order today. A few dollars
invested in the Dakota Oil Com-
pany may make you independently
rich. A \$100.00 investment may
make you \$10,000.00 or even
\$20,000.00.

Dr. Duncan is in Room 508 & 510
McKenzie Hotel, and wants to see
you.

PAY TRIBUTE
TO GEN. WILSON

Londoners Stand in Rain
During Procession

(By the Associated Press)
London, June 25.—Londoners by
the hundreds of thousands today
paid tribute to the late Field Mar-
shal Sir Henry Hughes Wilson, vic-
tim of assassination. For hours
they stood patiently in line in a
drizzling rain to watch the solemn
funeral procession making its way
to the sound muffled drums from
the Field Marshal's late home in
Easton Place to St. Paul's Cathedral.
The three mile route was choked
with spectators.

Throughout the city all flags were
at half staff and many offices and
shops were closed. Throughout the
empire the day was one of national
mourning.

In Northern Ireland, the home of
the slain soldier, there were special
manifestations of grief and memori-
al services were held in the
churches.

ALEXANDER MCKENZIE IN LATER LIFE

This photograph of Alexander McKenzie was taken in 1919 in Bismarck by Fred Holmboe of the Holmboe Studio, who now is in Fargo, with the special understanding that it should not be published until after his death. It is reproduced here by courtesy of the Fargo Forum.

GREAT THROG PAYS TRIBUTE TO ALEX. MCKENZIE

funeral, a soul he sent into the world was recalled in accordance with the same laws of nature by which it was sent into the world.

"The lord and master of his soul has called and his activities on earth have departed so far as we can perceive," said Father Hiltner. "He has taken that soul to his own."

Pagan philosophers for centuries discussed the question "What is Life," continued Father Hiltner. The world wandered until the maker and giver of the soul answered. Life is not an object in itself. Old philosophies are no longer the philosophies of today, he said, in view of Christian revelations.

"The teaching of Jesus Christ, the Son of God, conveys to us that life is but a means to work out a purpose, an object which begins with the end of this life where all the qualities of that soul if they have been exercised and developed will be rewarded," he continued. "The object of life, therefore, is that which comes after life."

There are none of us who can look into our own hearts and say that we have never failed in life, he emphasized. Imperfections are common to all of us. Prayer for the dead and a solo, "Ave Maria," by Mrs. Frank Barnes, ended the simple but solemn service. This solo was the special request of Mr. McKenzie's daughters.

Those at the funeral included many old friends who had been active with Mr. McKenzie in various organizations as a young man. The deceased was a member of all the Masonic bodies of Bismarck, having been active in the organization and a charter member of the Chapter and Knights Templar Commandery. Some years ago he demitted from the local bodies to St. Paul because of his continued residence in that city.

Pall-bearers Old Friends. The pall-bearers who bore the body from the house chamber and lowered it in a grave in St. Mary's cemetery beside Mr. McKenzie's son were E. G. Patterson, W. H. Webb, D. J. McGillis, T. H. Poole, Judge Andrew Miller and Geo. D. Mann, all of Bismarck, and Gilbert Haggart, of Fargo.

Honorary pall-bearers were: A. B. Cook, of St. Paul; R. W. Farrar, special representative of Sen. P. J. McCumber; W. P. Macomber, of Wilton; Col. A. P. Peake, of Valley City; J. D. Bacon, Grand Forks; Harry McLean, Montreal, Canada; Morris Beck, Jamestown; M. Sinclair, James-

Montgomery, Edward, Colo. Fargo; Thomas-Thorsen, Grafton; C. N. Frick, Lakota; Robert Farrar, Washington, secretary to Senator McCumber; W. R. Kellogg, Malcolm, Sibley; and Morris Beck, Jamestown; R. J. Hughes, Wahpeton; M. L. McGillis, Fargo; A. B. Cook, St. Paul; Harry McLean, Montreal; Anthony, Fargo; Wm. Martin, Wm. Badger, May; A. B. Welch, Wm. Simpson, P. W. McGillis, Chas. McDonald, Mandan; Dr. and Mrs. H. T. Perry, Litchville; Col. Penke, Valley City; L. C. Pettibone, Dawson, W. P. Macomber, Wilton.

Many committees aided in arrangements for the funeral. Floral decorations were in charge of Mrs. Gilbert Haggart of Fargo; Mrs. Thomas Poole, Mrs. G. D. Mann, Capt. J. T. Murphy and Maj. Frank Henry had charge of the ushers and with Capt. Herman Brocopp of Company A, stationed the uniformed men about the building. The general committee in charge of arrangements was composed of Benton Baker, W. H. Webb, E. G. Patterson, E. A. Williams and G. D. Mann.

Mr. and Mrs. Foster and Mrs. McDonald were guests of Mr. and Mrs. E. G. Patterson, friends of the McKenzie's, while in the city.

Although there was a great crowd at the funeral it probably would have been larger had it been possible to make arrangements earlier. Decision to have the funeral service in the state capitol gave William Laist, custodian of the capitol, only a short time to get ready, but the building was placed in excellent condition.

tion of the man buried beneath, it relative a should appear to claim him.

In the afternoon Joe Picavish, a union miner killed in the attack on the mine was buried. Five thousand miners marched behind a band in his funeral cortege and 115 automobiles brought up the rear.

The state and federal investigators worked far into the night following clues which have reached them.

Visits Hospital

At one o'clock this morning they visited the Herrin hospital to question Allen P. Findlay, Chicago, manager for the "Chicago" mine, which supplied the 22 mine guards, Findlay was in the front rank when the mob marched from the mine into the death in the woods and fell at the first volley with 40 shot gun bullets in his side.

As he lay on the ground a mine with a revolver fired a shot point blank through his foot.

Findlay told the investigators and Colonel Samuel N. Hunter, Illinois national guard, that he could recognize the leader of the "Chicago" squad and gave a partial description of an elderly grey-haired man who took Superintendent McDowell

to the mine.

Stories of old associations were recounted here by many of his former associates. One of them related the beginning of his friendship with Mr. McKenzie. While ranching west of the Missouri river he came to Bismarck to borrow money so that he could buy a horse he needed. He had but \$25. Meeting Mr. McKenzie on the street he told him of his mission and Mr. McKenzie promptly loaned him \$100 without security. It was repaid.

Many From Out of City. Among those from out of the city attending the funeral were J. D. Bacon, Grand Forks; James Kennedy, Fargo; Gilbert Haggart and Mr. and Mrs. Geo. Haggart, Fargo; J. A.

Montgomery, Edward, Colo. Fargo; Thomas-Thorsen, Grafton; C. N. Frick, Lakota; Robert Farrar, Washington, secretary to Senator McCumber; W. R. Kellogg, Malcolm, Sibley; and Morris Beck, Jamestown; R. Witnesses Testify

Findlay testified at the coroner's inquest that McDowell shot at two men on Wednesday during the first attack on the mine, and that he saw one crumple up and the other throw up his arms and fall. The coroner's jury decided from his description that one of the two was a miner named Henderson and so found McDowell responsible for his death.

The timekeeper told the investigators that snipers attacked the mine about noon on Wednesday and kept up a more or less fire until about 2 o'clock, when McDowell, seeing the two men on a hillside a quarter of a mile away, shot them with a high powered rifle.

Miners on March

Fairmount, W. Va., June 26.—The entire Fairmount police force and all of the Marion county deputy sheriffs were mobilized at 11:30 o'clock here this morning to stop a reported march of striking miners and sympathizers from Monaca, a mining town 10 miles to the south.

The authorities said they had been informed an attempt was to be made to liberate 91 prisoners from the county jail. These men were arrested last Friday, after a march of strikers through the city.

CLEAN THE SLATE AND SAVE THE STATE

There Should Be No Further Compromise With State Socialism.

Getting Back to Solid Ground Means Abolition of the So-called Industrial Program in North Dakota

This Platform Is the Pledge of Harvey L. Stegner, Republican Candidate For Governor

"A crisis confronts the State of North Dakota, which neither the Nonpartisan League nor the I. V. A. organization has the courage to face. Candidates indorsed by both of these factions are asking the support of the electorate upon a program of continued State socialism.

"In announcing my candidacy for the Republican nomination for Governor at the June primaries I challenge the position of both League and I. V. A. machines upon the issues of Socialism.

Scrap All State Owned Enterprises.

"I favor scrapping all the State industries, favored alike by the League and I. V. A. organizations, to the end that prevailing ruinous taxes may be reduced and the sale of bonds for socialistic ventures to further burden the people of this State may be stopped.

"I favor turning the key in the door of the Bank of North Dakota, an institution which upon the admission of the I. V. A. Administration has lost more than \$600,000.00 and promises to lose much more before liquidation is complete.

Opposed To Finishing Mill

"I am opposed to the completion of the mill and elevator at Grand Forks, where millions of the taxpayers' money are being foolishly squandered solely to bait votes and to experiment in State socialism proven to be a fallacious and ruinous economic policy as in the case of the Drake mill, the State creamery at Werner and The Bank of North Dakota.

"The time has come to take an honest position on State Socialism as reflected in the platforms of both League and I. V. A. organizations. Republicans should repudiate a leadership, whether League or I. V. A., which countenances a continuation of State socialism.

"I am a Republican and opposed to fusion with Democrats to the detriment of the principles of that great party as promulgated by Abraham Lincoln, Ulysses S. Grant, McKinley and our beloved President, Warren G. Harding.

"As a Republican I am opposed to the conspiracy to sell out the Republican party and elect Democrats to office and to place their henchmen in favored places under the flimsy guise of fighting State socialism when it is so apparent that the I. V. A. program is as socialistic, Utopian and impossible of successful fruition as that of the Nonpartisan League.

A Mere Sham

"This sham should be exposed and all Republicans who cherish the credit and

fair name of this great State should rally to the defeat of socialism whether fathered by the I. V. A. bosses or League henchmen.

Vacation Bible School Closes

The third term of the Bismarck Daily Vacation Bible School held its closing exercises yesterday afternoon at the Auditorium with two hundred children in attendance, and about 300 people in the audience. The school is the community type of vacation school held twelve days and is open to all children irrespec- tive of church affiliation, color or so- cial standing. The purpose of the school was to instruct in morals and religion. No attempt was made to teach any particular denomina- tional creed or point of view. The faculty was selected by a committee known as the Bismarck committee of Religious Education composed of three members from each cooperat- ing church, of which Mr. C. A. Mahr was chairman.

The business men of Bismarck assumed the financial part of the undertaking thus making it possible for the privileges of the school to be enjoyed by the children without charge to them. Doubtless this in large part accounts for the large attendance this year. The enrollment for the entire ses- sion was 271, and the average at- tendance was 200. The enrollment represented eleven churches and those not affiliated with churches. There were 149 girls and 122 girls, thirty-nine members for various rea- sons dropped out. On the whole, the attendance of the pupils exceeded the anticipation of the teachers, there being a considerable number of sessions of perfect attendance which became common toward the close of the school.

Plans will be made by the com- mittee looking toward other forms of religious instruction during the year, and another and better vaca- tion school next summer. Certificates and cards of recog- nition were given to all the children. Those who were not able to be present will receive their cards or certificates if they call their respec- tive teachers. It should be clear- ly understood that a certain re- quired standard must have been reached before the pupil received a certificate, but no child who was present any time during the session will be overlooked. Credit will be given for all attendance as far as possible.

FROM CANADA. Harry McLean of Montreal, Can- ada, son of Mrs. Mary McLean, ar- rived Sunday to attend the funeral of Alexander McKenzie, with whom he was formerly connected in busi- ness. They were intimate friends since the early days in North Dakota. While here Mr. McLean visited with his uncle and aunt, Mr. and Mrs. W. A. Falconer and with Mr. and Mrs. L. F. Bechtold. He will leave this evening for his home.

BIRTHDAY SURPRISE. About 25 or 30 friends and neigh- bors surprised Mrs. Mary Martine- son at her home on 405 Ninth St. Saturday afternoon with a party in honor of her 86 birthday. The la- dies appeared with all kinds of good things to eat and with presents for Mrs. Martineason. A very pleasant afternoon was spent by the ladies in recalling old times.

PORCH FROCKS

The porch frock has developed into a straight line frock, made up in bright colored fabrics, or printed designs, not too conser- vative in color. Usually they have round necks, short sleeves and elastic bands at the waist.

In Belgium women have been employed in the railway, postal and telegraph service since 1882.

The Fashion Right Now is Cutout Effects

Though you follow the fashionable majority and wear one strap Slippers you naturally want to express your own individuality in footwear as well. That is what these Cutout Effects enable you to do. TO YOU WHO ARE LEAVING THE PUBLIC SCHOOLS

JUST HOW ANXIOUS ARE YOU TO GET AHEAD? Your ambition says you are willing to go to any honorable extreme, but it is by your actions that the world will know what you really are. The poorest workman in the hardest, lowest-paid job probably once had ambitions just as lofty as those you now entertain. But he failed to take any steps toward realizing those ambitions. He made plans, but he always put off making the start. He waited for a fortune to fall in his lap. He isn't waiting any longer. He realizes his mistake as he faces the daily treadmill of existence. It is now too late for him to turn back.

MANDAN NEWS

SEND OUT TREES
TO FARMERS FOR
"SHELTER BELTS"

Millions of trees have been sent out from the United States' Northern Great Plains Station in Mandan to farmers of western North Dakota, and to those parts of Montana and Wyoming east of the mountain ranges, according to the records of the government office at the station. This work is designated as "the promotion of shelter belts."

Peaches will grow in North Dakota. They are Chinese peaches, but the Experiment Station is demonstrating that they will thrive in the highlands of western parts of the state. Although they may not be rivals to the Michigan and Maryland product, none the less they are peaches. If the painstaking care of the horticulturalists avail, the present plants at the Great Plains Station may be the forefathers of some celebrated brand of fruit that defies freezing.

The Chinese peach "is a large stone and a small skin" to use one description of the fruit, but it is hardy in this climate, in fact it grows luxuriantly and flowers in some years quite profusely. The plants at the Great Plains station will be used in crossing with better grades of fruit in an effort to raise a peach that will live in North Dakota, winters and produce a fruit that is of culinary or commercial value.

Although the local station has various kinds of work, its personnel takes great interest in this branch. In the office is displayed a map which shows the territory of the four states with a pin showing each point where trees have been sent to a farmer, in order to aid him in improving home surroundings. Montana has taken about 40 per cent of the trees sent out while North and South Dakota have taken the remaining 60 per cent.

SHADOWS
New York burglar goes to Sing Sing for 15 years, convicted of attempting to rob a house.

He might have gotten away when discovered, if he had not stopped to empty his revolver at his own shadow, which in the dim light of an attic he mistook for a pursuer.

Many who laugh at this go through life shooting at shadows instead of the real thing. Attacks generally are directed at effects, not causes. That's why Old Man Failure finds the picking so easy.

CHAUTAUQUA IS
ON THIS WEEK

Chautauqua opened here yesterday with a concert by the Hippie Concert company in the Central school yard at 8 o'clock. The Hippie company takes the place of the Mercedes quartette which was announced at an earlier date.

The program is the result of an agreement between the Mandan Commercial club and the Rodpath-Yawter producing company while the work in connection with the sale of tickets, is handled by the Town Criers club.

Programs will be given from Sunday to Thursday at 3 o'clock in the afternoon and again at 8 o'clock in the evening.

There are speakers of national reputation and artists of wide note on the program. The program for the remainder of the week is as follows:

Monday

Slope Towns Hold Celebration
Two slope cities held a community celebration Friday. Over 500 people gathered at Center for the annual Old Settlers picnic. At Hebron the community club conducted its third annual picnic.

In the ball game between Center and the State Training school, the former won, 13 to 7. In a tug of war between the Nonpartisan League and the I. V. A., the latter won. Bronco busting, races, and other western stunts were put on. The center band gave a concert during the afternoon.

Addresses were given by Dalry Commissioner R. F. Flint, Max Morrell and others at Hebron. There was a stock judging contest, races, wrestling matches, riding, dancing, and various other kinds of amusements. The Hebron motto "Work together, think together, and play together," was exemplified during the day.

Mrs. Forest Vreeland and children of Hazen, is spending a few weeks visiting with her mother, who lives near Mandan. Misses Rhea Harmon and Viola Vreeland accompanied Mrs. Vreeland as far as Mandan, and then continued on their way to Valley City, where they will attend the normal.

A radio concert was enjoyed at the T. G. C. Kennedy residence Friday night. The Kennedy brothers just recently installed a radio in their home. The concert was being sent out from the Great Falls Daily Tribune office.

Dam McCordam of Spokane, Wash., who has been visiting with friends here for several days past, left Saturday for Chicago and other places in the east.

Miss Marie Hagerman who has been attending the Washington university has returned to the city for a visit with her parents, Mr. and Mrs. H. E. Hagerman, during the summer.

Mrs. Anna Lund, who has been in Norway for the past year, returned Friday, and is visiting with Mrs. Martin Bull for a few days.

Miss Ovedia Underwood, who has been visiting with her parents in Hettinger for the past two weeks has returned to the city.

Jacob Rahnert and daughter, Mrs. Martha Bauer of Boulah, visited with friends in Mandan Saturday.

THE JOYS OF PICNICING

OPPORTUNITY

(Florence Bonner.)

Opportunity knocks at your door but once; So be sure you are there to greet her; Or she'll hurry away to another place, Where they are prepared to meet her. She's a fickle lass, and hard to please And with Success behind her She leads us all a merry chase, Oft-times we never find her.

TODAY'S WORD

Today's word is HYPOTHESIS. It's pronounced—hip-poth-e-sis, with accent on the second syllable.

It means—something not proved, but conceded for the sake of argument; a supposition; provisionally adopted to account for certain otherwise unexplained facts, and to serve as a guide for further investigation.

A comes from a Greek root meaning "foundation" or "supposition," a combination of two words signifying "under" and "to put."

It's used like this—"The suggestion that Mars is inhabited is regarded by most scientists as a rather interesting hypothesis, but few are prepared to accept it even in theory." (A "theory" being, in general, a "hypothesis" which has received some verification.)

A THOUGHT

Trust in the Lord and do good; so shalt thou dwell in the land, and verily thou shalt be blessed.—Psalm 37:3.

Providence has a wild, rough, incalculable road to its end; and it is no use to try to whitewash its rugged, unadorned instrumentality, to dress up that terrific benefactor in a clean shirt and white necktie of a student in divinity.—Ralph Waldo Emerson.

When the Moon-Man landed in the top branches of the apple-tree he was so shaken up and so breathless with his great fall he didn't move for a minute.

Then he sat up and rubbed his eyes, and felt over his bald head for bumps and looked to see if his clothes were torn. Then he had time to look about and see what sort of place he had landed in.

There in the tree-top was a funny little house of old boards and in the doorway stood a queer little fellow with enormous top-boots and a spotted hanky on his head.

"Howdy," said the little fellow, "where did you come from?"

"Blow!" cried Peersabout indignantly. "What do you think I am—a dandelion? Or a soap-bubble? I'm Mr. Peersabout from the Moon!"

"Oh, then," said the other, "you're like the poem, aren't you—the one that says the Man-in-the-Moon came tumbling down and asked the way to Norwich?"

"Well, sir, I'm sorry. I don't know where Norwich is. My name's Buskins and I run this little elevator here up into the sky and back. I'm waiting for a passenger."

"Well, I guess I'm it," said Mr. Peersabout. "I don't wish to go to Norwich, I want to go back to the Moon!"

AT THE MOVIES

CAPITOL

Flashing her smiles from the screen, Shirley Mason will greet local picture fans tonight at the Capitol theater in the latest Fox production, "Lights of the Forest."

The story, by Gladys E. Johnson, is still filled with tense moments and dramatic situations of powerful appeal, as well as touches in the lighter vein.

In other words, it would appear to be an ideal photo-play for Miss Mason and this, indeed, is how it is described by many reviewers in other towns.

An excellent cast has been chosen to support the star. Her leading man is Allan Forrest, a very capable young actor.

NORMA TALMADGE IN "SMILIN' THROUGH" AT ELTINGE
"Smilin' Through," as it will be shown at the Eltinge for three days beginning Tuesday is the screen version of the famous play which Jane Cowell so successfully played on the stage.

According to all advance reports, this is the biggest screen achievement of Miss Talmadge. The production has been filmed on a lavish scale under the direction of Sidney Franklin.

A cast of unusual excellence appears in support of the star and in the background.

DO NOT VOTE FOR O. R. Vold for the Legislature, unless you are for a Non-Partisan. It has come to our attention that Mr. Vold is giving the impression to voters in Bismarck, that he is not a Non-partisan. Mr. Vold has been endorsed for the Legislature by the Non-Partisan Committee, according to statement in the Farmer Labor State Record.

The Anti-Townley Convention has endorsed, Messrs. Anderson, Heaton and Harrington, for the Legislature, for Burleigh County.

Your vote for these three men is asked.

WARNING
Last warning to people whose boys hang around the railroad tracks breaking glass insulators off the Western Union and Train Wire Telegraph poles. The fines are over Five Hundred dollars, and may be prison, at any time throwing rocks or shooting off glass with 22 rifles. This must stop. I now have civilians in every town after the rewards, and the boys' names. The Western Union Telegraph Company will do the prosecuting, so be prepared from now on.

Miss Talmadge plays a dual role in a dramatic story of great heart interest. She is seen as the beautiful Monyeen, who is killed by a rejected suitor on her wedding day and as Kathleen, niece of Monyeen, who falls in love with the son of the man who caused the death of her aunt.

The role, it is said, gives Norma a great opportunity to exercise her extraordinary talents as a wonderful emotional and dramatic actress. The song, "Smilin' Through" will be sung at each performance by Mr. Rex Berndt, Bismarck tenor.

DODGE BROTHERS BUILD NEW COUPE
Closed Car For Business Men Is Distinct Achievement In Automotive Field.

Behind the simple phraseology of announcement which Dodge Brothers, Detroit automobile manufacturers, are publishing today in every important city and town in America, lies the story of a new achievement in automobile development. "Dodge Brothers announce a business coupe; conservative changes in the body design of all other types," the advertisement reads.

The business coupe is the first all-steel closed car ever marketed. In this respect it takes a new and distinct place in automotive history, for it involves an entirely unique principle of coupe body construction. The steel body not only practically eliminates the problem of limited production, due to the tedious and costly individual workmanship required on wood bodies, but also enables the manufacturers to give the coupe the same lustrous baked enamel finish which has already contributed so much to the reputation of Dodge Brothers open cars. This process in itself will also facilitate quantity production, as an enormous amount of time was consumed heretofore in applying the numerous coats of paint required on wood.

Naturally, these are important factors in the determination of the selling price, resulting in economies which Dodge Brothers are passing directly to the purchaser. "Wood is practically eliminated from the construction of this car," said M. Gilman the local dealer. "Even the framework and panels are of steel, and the natural result is a lighter, quieter and more durable car. Steel welcomes life and reduces the possibility of squeaks and rattles."

"The business men of America have been expecting such a coupe and Dodge Brothers have given it to them."

"It is in reality a coupe at a roadster price. While it is easily attractive enough for any use, it is particularly designed for the business man—who needs the comfort and protection of a closed car in his work, but who can easily get along with a few of the luxuries which, in the past, have made the closed car so expensive. The business coupe is built inside and out to withstand the wear and tear of every day use—and yet it retains the same lightness and beauty of line which everyone is accustomed to look for in Dodge Brothers closed cars. It lacks only what I might term the depreciation liabilities of the more expensive coupe. It is upholstered in genuine leather, dome light, windshield cleaner and adjuster for raising and lowering the windows. The doors are unusually wide and are fitted with new easy closing Yale locks. There is more than the usual amount of leg room and convenient and spacious luggage compartments are provided. Doctors, real estate men and salesmen of all kinds will find it just the car they need. We already have good indications of a tremendous demand."

"The change of design in the other Dodge Brothers cars indicates that while Dodge Brothers have always adhered closely to the practical design, they are also progressive and abreast of the time. It is Dodge Brothers to make improvements year after year and month after month and this is simply another step forward."

An all-steel Coupe was shipped to M. B. Gilman Co. on Wednesday, the 21st and should arrive in Bismarck some time this week.

News of the Markets

MEXICAN PETROLEUM SHOWS GAIN

(By the Associated Press.)
New York, June 26.—Last week's extraordinary movements of Mexican petroleum were resumed at the opening of today's stock market. The first transaction at 10:45 represented a gain over Saturday's final price of 1/4 point. In the next half dozen transactions, mainly in 100 share lots, the stock rose steadily to 190 1/4 points over the year's previous high record. After a slight reaction, the stock made further upward progress to 194 1/4, at which level profit taking caused a temporary halt. Pan-American petroleum "A" soon rose four points with a three point gain for the "B" issue. Other oils, Royal Dutch, Standard, and others, were moderately strong and steady. Brooklyn, Rapid Transit and Virginia-Carolina chemical rose from large fractions to two points with some of the popular rails.

LITTLE DEMAND FOR RAISINS
New York, June 26.—Raisin petroleum market was quiet at the high of the first half hour on the stock exchange today, but later bounded forward again to 194. The brief setback in that stock occasioned selling of other oils as well as steels, equipments and motors. On the fresh advance motor equipments and specialties were most prominent. United States Rubber, Kelly-Springfield, Keystone and Goodrich rose 1 to 2 points, with gains of 1 1/2 to 3 points for American Sugar, Postum Cereal and General Electric. There was little demand for the rails, but that group showed further firmness. Call money opened at 4 per cent against last week's final quotation of five per cent.

STOCKS SHOWED ADVANCES
New York, June 26 (Wall Street 1:30 p. m.).—Mexican petroleum gave another remarkable demonstration of rising strength after midday, climbing to 204 1/4, compared with 181 1/4, Saturday's closing. Street opinion was divided as to whether the bulge in the stock was result of the run-in of the short interest which had pushed its operations to the limit, or a response to the optimistic utterances of the president of the company as to earnings and future market values. Meanwhile the balance of the list crept steadily upward. General Electric rising four points, the preferred five, Sterling Products, 3 and Atlantic Gulf, Standard Oil, American Sugar, Postum Cereal, Kellogg, and American Book, 2 1/2. Dividend paying rails also were substantially higher. Great Northern preferred, New York Central and Louisville and Nashville rising 1 1/2 to 2 1/2.

Mexican petroleum later reacted to below 200 but Pan-American shares extended their gains and investment rails were higher. The closing was strong. Sales approximated 800,000 shares.

GRAIN MARKET FAIRLY ACTIVE

(By the Associated Press.)
Minneapolis, June 26.—The general run of the grain market today was bearish today and after opening weaker, trading declined. The market was fairly active. Selling pressure in wheat was due to unsympathetic cables, rain in Canada, general improvement in home weather conditions and political news from abroad.

Not a great deal of cash wheat of good quality arrived on the market and around the opening there was a fairly active demand for the selected numbers 3 and 4. Durum wheat was unchanged. Winter wheat demand was slower and offerings heavier.

Corn was in shabby demand with offerings rather liberal. Oats market was strong on account of light offerings. The rye market was a bit slower in tone. Barley prices were steady around the opening, but near the close some of the poorest quality that was not disposed of in early trade sold at a little cheaper.

Flax demand was steady and offerings were made for a two day run.
